# 1969

## KEKIONGAN

### *Indiana Institute of Technology*

THE KEKIONGAN IS DEDICATED TO THE  
GRADUATES.  
THE MEN WHO HAVE TAKEN  
PRIDE  
IN THEMSELVES AND THEIR  
SCHOOL.  
TO THE TIME THESE MEN SPENT IMPROVING  
THEMSELVES  
AND THEIR COUNTRY, THROUGH THE IDEALS OF  
HIGHER EDUCATION.  
THE TIME NOW IS TO GIVE OF  
YOURSELF.

### *Staff*

K. David Schlundt—Advisor  
Barry Simonds—Editor  
Melvin Black—Assistant Editor  
Robert Fry

### *Photo Staff*

## *Our Faculty . . .*

STRIVES TO ADVANCE OUR  
ABILITY  
BY ENHANCING OUR  
KNOWLEDGE  
THROUGH THEIR PERSONAL  
PRIDE  
IN THE ART OF  
TEACHING

## *Our Organizations . . .*

ALLOW US TO FIND  
 OURSELVES  
 THROUGH A BETTER UNDERSTANDING  
 OF OUR FELLOW  
 MAN,  
 TO WORK WITH OUR  
 KNOWLEDGE,  
 TO ENHANCE OUR  
 SKILLS,  
 AND FURTHER OUR ABILITIES TO BUILD  
 A BETTER FUTURE  
 FOR MEN

## *Our Professionalism . . .*

GROWS WITH THE  
KNOWLEDGE  
WE GAIN THROUGH  
OUR DAILY CONTACT  
WITH ENGINEERS AND  
SCIENTISTS.  
WE BETTER UNDERSTAND  
THE MEANING OF  
EDUCATION  
AND THE NEED FOR  
IMPROVED METHODS  
OF ADJUSTING TO  
OUR RAPIDLY CHANGING  
AGE OF PROGRESS

# *Our Campus . . .*

PRESENTS US WITH AN ACADEMIC  
GRANDEUR  
WHICH ALLOWS US TO  
PERFORM TO THE BEST OF OUR  
ABILITIES

## *Our Athletics . . .*

RELIEVE THE PRESSURE AND  
TENSION  
OF THE STRAIN PRESENTED  
BY INTENSIVE STUDIES.  
TEAMWORK,  
COMPETITION, AND  
TRAINING, BREED  
TOMORROWS  
ENGINEERS,  
SCIENTISTS, AND  
LEADERS

## *Our Community . . .*

PRESENTS MOST OF  
US, AT FIRST  
WITH AN ENVIRONMENT  
WHICH IS UNFAMILIAR.  
YEARS PASS,  
SLOWLY FORT WAYNE  
BECOMES PART  
OF US  
WE ACCEPT OUR  
COMMUNITY, AND  
WORK UNKNOWINGLY  
TO BETTER OUR  
EXPERIENCES

## *Our Identity . . .*

IS ESTABLISHED THROUGH  
FUN,  
KNOWLEDGE, AND PERSONAL  
PRIDE

## *Our Academics . .*

DEVELOP A SENSE OF  
PROFESSIONALISM  
BROTHERHOOD  
AND MOST IMPORTANT  
PRIDE  
IN EVERYTHING WE  
STRIVE TO  
ACCOMPLISH

# *GRADUATES*

# Aerospace Engineering

*Benjamin Dow, Dept. Chairman*

The Aerospace Department saw a year of change and improvement. One of the biggest changes was the moving of the office facilities from second floor Hanser to East Hall. This move gave the department some much needed room. A new supersonic blow down tunnel capable of speeds up to mach 3 was a welcome improvement to the aerospace lab. These changes all contributed to improving the ability of this department to prepare its students for the future.

*AIAA*

# Chemistry

*Dr. Warren Hoffman, Chairman*

The Chemistry department continued its complementary education in the fundamentals of all the sciences and engineering fields for Indiana Institute of Technology students.

The American Chemical Society provided experiences to enlarge the knowledge of all the chemistry majors with lecturers on various specialized fields of chemistry and a field trip to the Argonne National Laboratories.

*A big part of the chemistry students life.*

*Varsity Track*  
*Dean's List—1*

# Chemical Engineering

*Dr. Tadeusz K. Slaweki, Chairman*

The Department of Chemical Engineering saw a Change in the department chairman. Dr. Slaweki replaced Professor Emeritus Dixon as the new head. The department has continued its excellent education for the chemical engineering students. With the use of such apparatus as evaporators, filter presses, and mass and energy transfer units, the students receive an education which prepares them to take their places in industry.

Intramural Sports  
Dean's List—4

# Mechanical Engineering

*Dr. Ivan Planck, Chairman*

This year the Mechanical Engineering Department took leaps and bounds to give a more complete education to it's students. The laboratory was completely cleaned and all waste was removed. Many new experiments were added by the Professors and students. But perhaps the biggest event was the Department picnic which none of us will forget.

### YEARBOOK MESSAGE

The pages of this yearbook mirror an experience that is now an indelible part of you. If from it you have learned to know more of yourself, to appreciate more fully the worth of your fellow men, to seek knowledge as a constant pursuit rather than a periodic requirement, to excel not solely as an engineer or scientist but as a human being, then that is good.

History records no more promising, exciting, progressive age than the present. To be a part of it indeed, to be in a position to influence it, is at once an ultimate privilege and an awesome responsibility. I urge each of you to accept this responsibility by giving completely of yourself to your profession and to society. Best wishes for your every success.

Edward A. Dugan, Jr.

Mac Fuelber Business manager for the Board of Trustees

*The business manager's office is constantly in a flurry, since it is the office that truly makes Indiana Institute of Technology Go. Checks, balances, budgets, and requisitions are all well used and met.*

Dr. Walter J. Williams Vice-President and Academic Dean

*New faculty, old faculty, courses to be offered, changes in curriculum, finances, and panic are all part of the job done by Dr. Williams as Vice-President of Indiana Institute of Technology.*

Mr. Larry Bowers Public Relations Director

*The community plays an important role in college life, both to the students and the administration. Mr. Bowers gives Indiana Institute of Technology a voice in our Community and Country. Public-Relations is one of the most important assets to a growing college, it's people and the world.*

Mr. Robert Gerhart Admissions office

*Mr. Gerhart, Indiana Institute of Technology's admissions director, invites all students in High Schools throughout the country, and in other colleges to visit Tech for an informal briefing of what Tech has to offer a student.*

*He is seen by the students of Indiana Institute of Technology often, when he strolls on campus with interested persons from other schools.*

Oren B. Huffer, Director of Student Affairs

*The Student Services office at Indiana Institute of Technology serves the student body in obtaining scholarships, loans and general student aid. Mr. Huffer invites any student who needs help either financially or personally to visit him on the second floor of the Anthony building at any time.*

Donald R. Steiner, Director of Student Services

*Perhaps one of the busiest offices on campus the Dean of Students office serves all Tech students. Charged with the care of all dormitories with respect to the students, Donald Steiner literally works day and night at his job. The physical office is always full of students asking questions, or just relaxing. Mr. Steiner's secretary, Becky Dunlap, is always busy doing both office work and student favors.*

Mr. James Dupont, Cooperative Education Program

*The Cooperative Education Program, run by Mr. James Dupont, gave many students during 1968-69 the opportunity to gain much needed experience in industry. The Co-op Program is open to all students at Indiana Institute of Technology. Mr. Dupont would like to become better acquainted with more interested students and invites them to visit his office.*

*The Placement Office, operated by Mrs. James Dupont was established to place qualified students in both part and full-time jobs. This service is offered to all students of Indiana Institute of Technology without charge. Mrs. Dupont would be happy to give information and literature to any student concerning over 200 companies which visit Tech each year.*

Mary Ann Dupont, Placement Services

*Freshman Division Chairman Paul Arnold has been a busy man during the 1968-69 school year. His office handles all problems a new freshman is posed with as well as all personal problems of any Tech student. He is often seen reviewing his psychology as in the picture to the right.*

Mr. Paul Arnold Chairman of the Freshman Division

Mrs. Ann Wintrode Library Director

*The library is the domain of Ann Wintrode. She files, cleans, reviews, and maintains all of the 35,000 books and periodicals in the library at Indiana Institute of Technology. Mrs. Wintrode is usually available to help students find much needed materials in the library.*

## FACULTY

Professor Dow . . . chairman of Aerospace Engineering

## Aerospace Engineering

Dr. Sun lectures in Vibrations

Professor Kemp demonstrates the wind tunnel

Today's aerodynamics courses are quite different from those of a few years ago since supersonic flow causes significant heating and thermodynamics has to be taken into account. Mathematics continues to be an important tool in this field.

This year the Department of Aerospace Engineering moved its offices into a new building. Much painstaking effort on the part of all the department was necessary to completely remodel the old building and make it one of the nicest offices on campus. Professor Dow takes pride in Indiana Institute of Technology as do all in the department.

Dr. Luk helps on a Fluids problem

# Chemistry

Chemistry is the science of change, and serves as one of the main foundations for all Science and Engineering. It is one of the essential backgrounds for every educated man in the Technological Age.

The Department of Chemistry not only serves to provide instruction in basic Chemistry for all Science and Engineering disciplines, but offers advanced courses in Chemistry for those interested in Research in industry or in further study in Graduate Schools.

Dr. Hoffman . . . *chairman of Chemistry Department*

Dr. Szegedy

Dr. Blair, *relaxes and chats*

Dr. Thomas

Professor Swindel

Professor Guindon, *and deficiencies*

Dr. Slawecki . . . chairman of Chemical Engineering

Professor Cranmer, goes over homework

## *Chemical Engineering*

The Department of Chemical Engineering aims to develop the student into a well-rounded, competent, and socially adjusted graduate. The development of the ability to Think is paramount. The project method of instruction is used in the laboratory which is equipped with standard pilot plant apparatus such as stills, evaporators, filter presses, and mass and energy transfer units. The curriculum covers basic sciences, engineering sciences, applied science and general subjects, which gives a broad foundation enabling the student to be employed in design, operations, sales, teaching, and research.

# Civil Engineering

*Professor Eugene Russel*

*Dr. Louis Petro, Chairman of Civil Engineering*

Civil Engineering is the oldest of all the engineering fields. It has always been concerned with projects of both public and private nature that effect the social and economic life of the people.

Originally, Civil Engineering was concerned with the construction of bridges, and road building which are still major areas in the civil engineering field. In the last half-century, additional areas have been added to the field of civil engineering, such as water supply, waste disposal, city planning, and traffic engineering. These are of importance for the public health and welfare.

*Professor Lloyd Ketchum*

*Dr. Oskar Michejda*

*Professor William Schrader*

*Professor Robert Ruhl*

Dr. Eugene Klingler, *Chairman of Electrical Engineering*

## *Electrical Engineering*

Electrical Engineering encompasses many and varied fields. The graduate electrical engineer may find himself working in the fields of radar, guided missiles and satellites, atomic energy, electronic computers, radio communications, television, control systems, power generation and distribution, and other numerous specialized phases of Electrical Engineering.

*Professor Gordon Johnson hands back tests.*

*Dr. Shallow hustles to class*

*Professor Sorgi*

*Professor Earl Devlin*

*Dr. Kill-a-lot*

*Professor Charles Kitchen*

*Dr. T. C. Huwang*

# Mechanical Engineering

The Mechanical Engineer is responsible for the designing and building of machines to produce power and the machines to utilize that power. Every manufactured article, no matter what its nature, requires the services of Mechanical Engineers both in the design of the machines by which it is manufactured and in the operation of the factory itself.

Creative thinking is nurtured and encouraged in the Mechanical Engineering laboratories.

*Dr. Ivan Planck, Chairman of Mechanical Engineering*

*Professor Quinn discusses the pronunciation of ENTHALPY*

*Professor Howard Macklin reads an engineering report*

*Professor Robert Marshall studies a report*

*"That's it use a bigger wrench!"*

*Professor Lee Bernhardt, Chairman of Engineering Graphics*

*Professor Dwight Case in E.G. lab.*

# Mathematics

In our complex society, scientific progress depends on the mathematician, the engineer and many other scientists whose primary tool is mathematics. The department of Mathematics offers a well rounded course for the young mathematicians, as well as the essential mathematics for the engineering, physics and chemistry students.

*Professor Gordon Cole*

*Professor Robert Leeper*

*Professor Charles Carr, Chairman of Mathematics*

*Professor Dwight Keck*

*Professor James Dohner*

*Dr. Demopoulos*

*Professor Juanna Santana*

*Professor Hong-i Yang*

*Dr. Miyakawa, Chairman of Physics Department*  
*Professor Orville Kern*

## *Physics*

*Professor Donald Beeson*

*Dr. Dwyer*

*Professor Leonard Etter*

If, as has been said, "this is the atomic age," then this is the age of physics. Nuclear weapons and machines are products of the physics laboratory. Each new day finds the physicist of our nation expanding the horizons of man's knowledge. Therefore, Indiana Institute of Technology meets the need for training in physics by offering basic and advanced courses designed to prepare a student either for direct participation in industry, or for a scientific career of the more traditional type.

# *LIBERAL ARTS*

## *Social Sciences*

The Humanities and Social Sciences in the college curriculum present the historic, literary, artistic and philosophical heritage of our culture along with the accumulation of knowledge in the behavioral sciences.

*Dr. M. Sprunger, Chairman of Humanities Department*

*Professor Herbert Birkman*

*Professor Herbert Meussling*

*Professor Thomas Kayser*

*Professor K. D. Schlundt*

*Professor Mary E. Weimer, Chairman of English Department*

## *English*

The primary purpose of the English Department in an engineering college is to teach the engineering student to express himself effectively in both speech and writing. The English Department offers courses in composition, literature, and speech so that the student may become a well rounded person able to meet the challenges in life.

*Instructor Margaret Huff*

*Mrs. Herbert Meussling*

*Mrs. Meussling takes to the "Great Outdoors"*

*Professor Loren Yaggy*

*Professor Kenneth Lauer*

## *Physical Education*

*Coach Robert Macy*

*Coach Jerry McManana*

## *ORGANIZATIONS*

*L-R: Dale Schumm, David Neel (Secretary), Rocky Peters (Treasurer), Robert Fry (Vice-Chairman).*

The American Institute of Aeronautics and Astronautics is the representative society for engineers, designers, and technical specialists in all of the science related to the design and development of airborne craft.

Student membership provides the student engineer or scientist with broad opportunities to engage in activities associated with his future in aviation. The membership is open to all students at Indiana Institute of Technology with an interest in aspects of the aviation field.

*L-R: George Hurrell, Ronald Herb, William Niebuhr, Edward McDonald.*

## *American Institute of Aeronautics and Astronautics*

*L-R: Valiant Webster, Larry Black, Edward Dahlke, Burton Chard, Raymond Yoh.*

*L-R: Thomas Sweeney (Rec. Secretary), Alan Wright (Sergeant at Arms), Gerald McGuire (Treasurer), Kevin MacKinnon (Corres.*

*Secretary), William Rose (President), Daniel Holderman (Vice-President).*

## *American Society of Civil Engineers*

*L-R: Bruce MacMurray, Martin Hanagan, Donald Hawksley, Andrew Dodzik.*

The American Society of Civil Engineers of Indiana Institute of Technology is an organization of students and faculty in the civil engineering department.

The purpose of the organization is to attempt to communicate to the student some of the difficulties he will experience in his chosen field. This is accomplished by inviting as guest speakers, men from different branches of the civil engineering field.

*L-R: Jon Trahan, Cliff Deringer, William Zacek, Glenn Cooley.*

*L-R: Bill Blinn, Rich McCarthy, Warren Garraway, Joseph Utasi, Tom Glowacki.*

The ACS student's affiliate of Indiana Institute of Technology is a chapter of the American Chemical Society, one of the world's largest organization devoted to a single science. The purpose of this organization is to create and stimulate interest in engineering to help students academically and socially to become better qualified candidates for future positions.

Periodic field trips also help to acquaint the students with industry and give them insight into the vast potential of their chosen field.

## *American Chemical Society*

*ACS graduating seniors—L-R: David Goodman, Art Taylor, Craig Leighty, Harvey Branfield.*

*L-R: Tom Hessen, Jim Johnson, Robert Boulden, Larry Thieben, Helge Kallio.*

*L-R: Osamh Bassam, Zaher Hamed, Jihad Al Dahle, Sabah Saud, Ghazi Braish, Abedel Habayeb.*

## *Organization of Arab Students*

The objectives of the Organization of Arab Students are: the promotion of better understanding with the American people, the dissemination of true and accurate information about the Arab people, the extension of help and guidance to Arab students at Indiana Institute of Technology, and the securing of scholarships for the benefit of Arab students. Membership in this organization is available to any Arab students and any student interested in the Arab World.

*IEEE Officers; L-R: Daniel Schellenbach (Secretary), Robert Hockman (President), Eugene Klingler (Advisor), Lee Walters (Vice-President), Dennis Roberts (Treasurer).*

*L-R: Haruo Nagano, David Robling, Joseph Novak, Bob Dexter, Paul Zerr, Larry Wagner, Peter Beckmann.*

## *Institute of Electrical and Electronic Engineers*

The Indiana Tech Electrical Association is an association devoted to promoting professional growth in the field of Electrical and Electronic Engineering. It prepares the student for his progression by field trips into industry and guest speakers from industry in these fields.

The association is an affiliate of the American Institute of Electrical Engineers and membership is open to all students enrolled in the electrical or electronic departments.

*Everyone enjoys the IEEE picnic at Klingler's farm.*

*L-R: David Svereika, Tsau-Chiany Huwang, Louis Grabowski, Daniel Beckman.*

*L-R: Robert Moncsko, Michael Fisher, Ron Hughes, Melvin Black*

*Put down that beer Klink, and let's get rolling!*

*L-R: Jerry Grove (Tau Kappa Epsilon), Blaise Alexander (Theta Xi), Dick Schull (Tau Kappa Epsilon) (President), Bill Driscoll (Tau Kappa Epsilon) (Treasurer).*

## *Inter- Fraternity Council*

The Interfraternity council is the judicial body which governs the standardization of the pledging programs and promotes cooperation among the eleven fraternities in both scholastic and social affairs on the Indiana Institute of Technology campus. It is composed of two representatives from each of the recognized fraternities on campus and a governing body of officers elected by the fraternities.

*Greek Week 1968-69 gets underway. L-R: IFC President Dick Schul, Pete Costisick, Donald Steiner, Robert Gerhart.*

*L-R: Doug Corbin (Alpha Epsilon Pi), Dan Beckman (Sigma Phi Delta), Halton Williams (Kappa Alpha Psi), John Kinter (Alpha Epsilon Pi), Dave Sites (Sigma Phi Delta).*

*L-R: Ray DeGraw (Sigma Pi), Steve Smith (Sigma Phi Epsilon), Robert Smith (Sigma Pi), Robert Marshall (Tau Kappa Epsilon).*

*L-R: Rasendu Sanghvi (President), Sajnani Hashu (V-President), Subhash Raval, Dr. T. K. Slawecki (Faculty Advisor), Dhiraj Sojitra, Pravin Shah.*

## *India Student Club*

*L-R: Ramesh Parekh, Arun Shah, Deven Patel, Drake Somnath.*

The Purpose of the organization is to provide better understanding between the Indian students and the non-Indian students at Indiana Institute of Technology and to extend guidance to new Indian students who attend Indiana Tech. Membership is available to any student who is interested in Indian culture.

Our participation in social functions may enhance closer ties between the Indian students and the Americans.

*L-R: Joel Bair (Vice-President), Bob Dexter (President), Lee Walters.*

*L-R: Jean Arrendell, Gregory Shekas, Gary Lane, Arthur Saldivar.*

## *Inter-Varsity Christian Fellowship*

The Inter-Varsity Religious Organization is organized to provide Christian fellowship and Bible study for all students of Indiana Institute of Technology. The Inter-Varsity is a non-denominational group affiliated with the Inter-Varsity Christian Fellowship which is an international and, largely, Protestant organization. All Indiana Tech students and faculty are invited to attend the meetings of this group.

*Professor Schlundt checks yearbook progress.*

*Next year's staff talks over ideas.*

*Bob Fry types out the graduate pages.*

*American Yearbook Representative, Jim Arthur, gives the staff pointers on a good yearbook!*

*L-R: Daniel Dietrich, Warren Garraway, Louis Lorenzi, Jack Wojack.*

## *Mechanical Engineering Club*

The Mechanical Engineering Club is a local affiliate of the Fort Wayne section of the American Society of Mechanical Engineers.

The objectives of the club are to advance, promote, and teach new phases of mechanical engineering. This is accomplished by programs which include talks by experienced engineers, and field trips to industries in the immediate area. Membership is restricted to students enrolled in the Mechanical Engineering Department.

*L-R: Rock Strickler, Fred Benn, Dick Schul, David Schutte, Mark Hubbard.*

*L-R: Jack Quinn (Moderator), Richard Meyers (Secretary), Paul Rising (V-President), Dale Miller (President), Ronald Meschberger (Treasurer).*

*L-R: Anthony Antonuccio, Edmund Managan, David Massey, Jim Luterek.*

*L-R: Robert Kuras, Walter Rectenwald, Paul Kiddon, Thomas Croucher, Donald Akey.*

## *Muslim Association*

*L-R: Abede I Habayeb, Sabah Saud, Shaukat Hussain, Zaher Hamed, Osamah Bassam.*

The Muslim Student Organization was founded recently to help the foreign students find themselves in this new environment. Through constructive activities, and helpful ways this organization has become the newest on Tech's campus.

*L-R: Colin Unsworth (Secretary-Treasurer), Stephen Hoetzer (President), Craig Leighty, Basil Kuchta, Joe Utasi, Valiant Webster (Flight Coordinator).*

## *Indiana Tech Flying Club*

The Indiana Institute of Technology Flying Club was formed to give members an opportunity to fly, to obtain their licenses and learn to fly at a minimum cost. Day and night, local and cross-country flights are made at slight expense to the members. Membership is open to all students and faculty of Indiana Institute of Technology. The new "Cessna 150" is hangered at Smith Field just north of Fort Wayne. A good future is in sight for the club.

*... Bring'er on in Craig!*

*If you guys don't get to work!*

*Smile . . . You're in the Nucleus.*

*Craig Leighty, business Manager.*

## *Nucleus*

We of the staff like to feel that we have maintained the rich tradition of the Nucleus by presenting to the student body all responsible information of concern. Our main intent as the official publication of the campus is to stimulate the mind of our fellow students by presenting noteworthy news.

We believe in Indiana Tech and her students, and principles; and we consistently support all organizations and programs that contribute to the growth of the college and the students. Whenever controversy arises, we intend to present both sides lest we fall prey to irresponsible reporting.

*Want me to take your picture?*

*Paul Selinsky types away to meet a dead-line.*

*She wants me to print this in the Nucleus?!*

*What ya looking at Mark?*

*Think, Dave.*

*L-R: Ronald Meschberger, Fred Benn, Walter Rectenwald, Edward Hanish (chairman), Dale Miller (vice-chairman).*

## *Society of Automotive Engineers*

The Society of Automotive Engineers at Indiana Institute of Technology is a student branch affiliated with the national society. It is sponsored by the Mechanical Engineering Department and is open to all engineering students who are interested in the advancement of the automotive industry.

*L-R: Robert Kuras, Paul Kiddon, Terry Warner, Jim Luterek.*

*L-R: Donald Akey, Louis Lorenzi, Robert Bauman, David Schutte.*

*L-R: Jeffrey Wagner, Stephen Goebert, Paul Rising, William Shull, Thomas Wardell.*

*L-R: Rock Strickler, Charles Wright, Thomas Croucher, Daniel Dietrich, Ronald Faust.*

# STUDENT SENATE

The Indiana Institute of Technology Student Senate is the governing body for all organizations on campus. This year the Senate underwent drastic change, which was brought about with the advent of the Ad-Hoc committee.

The Cove was built, and plans for the new mall will soon materialize and really give Tech something to be proud of.

*OFFICERS: L-R: Mrs. Myron Bickley (Vice President), Mrs. James Byrne (Treasurer), Mrs. Dennis Fawcett (President), Mrs. Daniel Schellenbach (Secretary).*

*L-R: Ruth Romaker, Linda Walsh, Sharon Cullen, Gayle Gowling.*

## *Tech Wives*

Organized in July of 1957, the purpose of Indiana Tech Student's Wives Club has been to further social activities, acquaintances, and friendship among the wives of students of IIT. Wives of all married students of IIT are eligible for membership.

The club arranges programs of varied types for the members. These range from an address on the social problems of our time by a local authority to bingo or a humorous skit given by the members.

It is also the purpose of Indiana Tech Students Wives Club to contribute to and work for the good of the College whenever possible.

At banquets held twice annually wives of graduating students are presented with their P.H.T. (putting hubby through) degrees.

*L-R: Claudia Wise, Kay Taylor, Karen Shull, Kay Dersham, Lois Kuras.*

*L-R: Paul Selinsky (Treasurer), Eugene Klauser (Chairman), Donald Steiner (Advisor), Raynard Williams (Social Chairman), John Reale (Secretary).*

*L-R: Jerry Grove, Andy Demski, Bill Zacek, Allen Panther, Jim Cordray.*

## *Tech Manor Club*

The purpose of the Tech Manor Club is to promote the self-government of residence hall students, to represent these students to the College administration, to promote scholastic attainment, and to assist in the social development and general welfare of all who live on campus. Each floor of the respective dorms elects a representative to this organization and it becomes his job to help the counselor and set up social activities for the men on his floor. In the past activities have ranged from picnics and pizzas to trips to Indianapolis for the timetrials for the "500 Auto Race". Support your local TMC representative!

*The TMC arranges all open-dorms—like this!*

*Basketball banner for homegames.*

*The TMC provides ID's for all doors.*

*Girls in the dorm! The TMC did it.*

*The TMC provides trips to the "Indy 500" timetrials.*

*A Sunday afternoon open-dorm in the Quad.*

*L-R: Tom Hessen (Advertising Manager), Paul Knupke (Station Manager), Bill Rose (Business Manager), Michael Ignat (Program Director), Dennis Sensenich (Chief Engineer).*

Tech's broadcasting station was founded early in 1966 by a few interested students and since then has grown to be one of the largest organizations on campus. It was first located in the basement of Crull Hall using only makeshift equipment. With the help of many, the station has expanded to its new location in the basement of Sihler Hall. Along with the move came the addition of much needed newer equipment.

Recently, in the winter of 1968-69, WITB joined Indiana University and Purdue in a mutual "hook-up" at the regional campus.

## ALPHA OMEGA TAU

The Alpha Omega Tau social fraternity became a part of Indian Institute of Technology in January, 1967. Since that time it has grown to a size of a very close brotherhood.

The purpose of Alpha Omega Tau fraternity is to promote fellowship, social, scholastic, and recreational activities for its members.

The membership is open to any student who has completed two quarters and has a cumulative grade point average of 2.00 or better.

*Pres.

## *DELTA SIGMA PHI*

Delta Sigma Phi Fraternity, a fraternity of engineered leadership, recognized certain standards of attainment and gentlemanly conduct to achieve its goals. Each brother shall exemplify these principles by conduct and enforcement in order that the fraternity may grow and prosper with honor to itself and that the world may ever be convinced of the sincerity of our purpose.

Our brotherhood of men, whose ideals and beliefs are those of a modern civilization, and essential to the welfare of our college men.

*Pres.

## KAPPA ALPHA PSI

Kappa Alpha Psi, a college fraternity now composed of more than 200 undergraduate and alumni chapters on major campuses and in cities throughout the country, boasts a membership of over 20,000. It was founded in the school year of 1910-11 on the campus of Indiana University at Bloomington, Indiana. Its constitution is the law of an organization predicated upon and dedicated to, the principles of achievement through a democratic fraternity.

## PHI KAPPA THETA

*A HOME AWAY FROM HOME, IS THE WARM Phi Kap house.*

This year marks the eightieth anniversary of Phi Kappa Theta. Phi Kap has offered a brotherhood for the Catholic students at Indiana Tech for the past seven years. Phi Kappa Theta is an organization that endeavors to promote conduct consistent with good morals, and an active Catholic faith, creating an atmosphere which will stimulate substantial intellectual progress and scholastic achievement, and also to promote principles of fraternal loyalty through brotherhood.

Phi Kappa Theta has a total of sixty-one chapters ranging over twenty-eight states and Canada.

## SIGMA PHI DELTA

The fraternity was founded at the University of Southern California in April, 1924. The membership totals over 5500 engineers and engineering students.

The purpose of Sigma Phi Delta is to promote the advancement of the engineering profession; to foster the advancement of engineering education, to instill a greater spirit of cooperation among engineering students and organizations; to inculcate in its members the highest ideals of good citizenship, Christian manhood, obedience to law and brotherhood; and to encourage excellence in scholarship.

# SIGMA PHI EPSILON

Theta Tau Epsilon, a local fraternity founded in April, 1962, became the Indiana Eta chapter of Sigma Phi Epsilon on February 2, 1963. The membership has grown to the largest on Indiana Tech's campus.

The basic ideals of the fraternity are to promote high academic standards, provide a useful service to the college, and the community, to guide and manage gentlemanly conduct at all times, to always put forth with the highest moral character, and to develop an unsurpassable union of brotherhood that will serve as a guide throughout life.

## SIGMA PI

The objectives of the Sigma Pi fraternity are: to establish a brotherhood of college men; to promote scholarship and literary culture; to advance the cause of education; to raise the standard of morality and develop the character of men; to diffuse culture; and to encourage chivalry among men. All men are solely accepted on their individual worth, regardless of race, color, or creed.

# TAU KAPPA EPSILON

Tau Kappa Epsilon Fraternity was founded at Illinois Wesleyan University, Bloomington, Illinois, January 10, 1899, as a new fraternity in which its members would be chosen "... not for wealth, rank or honor, but for personal worth and character". As Tekes, we stress character, mental aptitude, health, and physical strength, and proficiency in social graces. With these ideals we have grown to be one of the largest social fraternities with 213 chapters in forty-one states and provinces of Canada.

## *IOTA TAU KAPPA*

Iota Tau Kappa is an honorary engineering fraternity whose name symbolized Iota (Industry), Tau (Thrift), and Kappa (Knowledge). The chief objective of this organization is to promote and to inculcate high ideals and attitudes of scholarship among the members of the student body of Indiana Institute of Technology. In order to become a member of Iota Tau Kappa, an engineering student must have a grade point average of 3.5 or more for four terms, not necessarily consecutive terms. At least sixteen credit hours shall comprise each of these terms.

*Come on Dave, get that truck empty, Star called!*

*And Beauty . . .*

*Queen Ann Mettler*

*To End.*

## *SPORTS*

# Track

*The Varsity Track Squad*

*Bob Bejcek slings the discus.*

*Three more steps and I can collapse.*

*I can't lose this—the other team hasn't shown yet.*

*Hi . . . Ya Mom!*

*Whatdayamean? it can't be bolted on.*

# GOLF

With only two veterans returning this year Coach Dow still managed to turn up a winning season for the Indiana Institute of Technology Golf Team. The returning seniors were Ray D'amore and Tom Sheie. When they leave this year the team will truly be empty and ready for new talent.

*Coach Dow and the Team*

*Coach Wahl instructs on the proper use of a sabre*

## FENCING

Again this year *Coach Henry Wahl* lead Tech's fencing team to battle. Indiana Tech has competed in intercollegiate fencing for over 15 years, all of them under the supervision of Coach Wahl. The team had many wins, a few defeats and high spirits.

*CHARGE!*

*The entire team ready to go.*

# VOLLEYBALL

*Tech's Volleyball team and their coach*

*Sovinski gets set up for a spike*

*Pete Rakowski*

*Steve Henson reaches for a high serve.*

*Seymour Ferndoc serves one over.*

FRONT ROW; L-R: Tom Cameron, Rich James, John Andreff, Frank Motycka, Kerry McLallin, Wade Griffis, Jim Frazer. BACK ROW; Jerre McManama (Coach), Pete Hogan, Steve Hegedus, Bob Heiskell, Bob DeLamarter, Joe Yankey, Hal Shiarla, John Puckett (Assistant Coach).

*Here's the pitch . . .*

*S-T-R-I-K-E one!*

*Tech gets him out by a mile.*

*John and Joe go over the scorebook.*

*S-A-F-E with a long single.*

# BASKETBALL

As all good things come to an end, basketball ended with the Warriors posting a fine 16—7 record. Included in the total was a respectable 6—4 showing in the M.C.C., good enough to tie Tech for second place along with Grace and Concordia. First place was held by Tri-State, which posted a 10—0 record. Below are accounts of the last three games, the wrap-up of the season. They are as follows:

*Well it looked like Basketball at first glance!*

*The Varsity Squad*

*Up . . . and in, for Jim Whitt*

*Tech holds*

*Fri-States attempt.*

# *INTRAMURAL FOOTBALL*

*Sig Pi's Dave Sverika plans the strategy.*

Many hard battles are fought in the classroom at Indiana Institute of Technology, but perhaps no battle is fought anywhere on Tech's campus as hard as in Intramural football. Sigma Pi and Sigma Phi Epsilon were the two teams who were pitted against one another when the end of the season came around. But Sigma Pi couldn't hold up against Sig Ep's strong line and fast back-field, hence the victorious Sigma Phi Epsilon.

# INTRAMURAL BASEBALL

*Hang on to that hat Charlie Brown*

*Home-Run on film*

*ARTIST CELEBRITY SERIES*

# DENVER BOISE & JOHNSON

*"There's a Brand New Nixon, a '69 Nixon"*

*"Please Don't Take Me, My Rubber Plant Needs Water'in"*

The Indiana Institute of Technology Homecoming show on October 4, 1968 was truly worth seeing. Denver, Boise, and Johnson performed spectacularly to a near capacity audience at the Scottish Rite Auditorium. They will be remembered by many a Techman.

## *AL HIRT*

*Java! New Orleans, all the way*

*A little Cotton Candy.*

Al Hirt came to Tech on January 4, 1969 and showed all of us what soul, New Orleans style, really is. His performance was to a more than capacity crowd. Blues, soul, humor, and enjoyment perhaps describes the scene the best.

# *SOUND SOUL, OF MITCH RIDER*

*"Mitch Rider", turns off*

"Beside each great performer there is a lot of noise", if this is true then Mitch Rider is a great performer, for he surely has a lot of noise. He must have talent even though no one noticed it. This show was the only true flop of the year and will live with everyone, forever and ever and...

# "I don't want to be office boy to a computer."

You won't be at IH. (We haven't found a machine yet that can replace a sharp mind.)

We want the thinker. The innovator. The guy who can keep coming up with ideas.

In return IH will give you incentive.

You'll get plenty of freedom to swing. And you'll work with some of the top minds around. (We're the guys who are developing some of the Apollo spacecraft components.)

So you'll learn a lot. (And probably teach us a thing or two.) Prove yourself and we'll promote you. Without a lot of red tape.

But that's not all.

IH offers you one other thing. Excitement.

You'll find plenty of action in steelmaking, motor trucks, farm equipment or construction equipment. (And maybe try your hand at such far-out things as laser beam construction equipment and computerized trucks.)

Any way you look at it, we're a growing company. A research-oriented company. A company that looks for youth to shape the future. So if you want action right from the start, IH will give it to you.

We need engineers for design, manufacturing, test and research projects. We need accountants and production management people. And we need sales people for our wholesale and retail operations.

Why not talk to your campus placement officer about us. He'll give you the facts.

And keep this in mind. We won't start you at the top. But you won't start at the bottom, either.

We don't need office boys.

**INTERNATIONAL HARVESTER**  
An equal opportunity employer M/F

Irv Miller (University of Iowa), Cal Bradford (Tougaloo College), and Bernie Ducat (De Paul University) pool their management skills to solve a production problem.

After four or more years at Tech, all you can say is, "it's been hell," but its worth the hard work. To those who didn't stick it out, Tech is nothing. The one thing that helps a student throughout the years he spends at college is his knowing that he is helping himself, and the society he lives in, by obtaining a good education.

I would like to thank all of the organizations and groups which made this yearbook possible; I hope it brings back fond memories in the years to come. I particularly appreciated the many hours donated by Professor K. David Schlundt as he did a marvelous job as the *Kekiongan's* advisor.

Melvin Black, my assistant editor, deserves a pat on the back also for his work on the yearbook. Even when I didn't ask for his help; he pitched in because he knew it had to be done.

To Becky Dunlap, Don Steiner's secretary, and Jim Arthur for their help when it was really needed . . .

Thank you,

*Barry L. Simonds*
